

MOPAR® CAREER AUTOMOTIVE PROGRAM LOCAL

Dunwoody College offers the MoparCAP Local program as an online, add-on credential for students enrolled in the College's Automotive Service Program.

The credential is specifically intended for students who are already working at a Chrysler, Dodge, Jeep®, Ram or FIAT dealership or would like to work at one.

During the program, students will have access to Stellantis Performance Institute, which provides foundational training on their automotive systems.

Students complete MoparCAP online training modules on their own time. Access to the training modules is available 24/7.

Training credentials are awarded directly from Stellantis and are recognized nationwide at any Chrysler, Dodge, Jeep®, Ram or FIAT dealership.

Students who complete the training are also prepared for further Stellantis Performance Institute Instructor Lead training while employed at a Chrysler, Dodge, Jeep®, Ram or FIAT dealership.

MOPARCAP LOCAL CURRICULUM

Orientation:

- Helps new hires, or trained technicians from a different OEM service environment, become familiar with our systems
- Establishes core competencies specific to service information and diagnostic technology
- Applies to all skill areas

Electrical Core Skills:

- Concentrates on fundamental electrical skills, such as DVOM meter utilization, general circuit diagnostics/operation
- Learn basic repairs for circuit faults, such as soldering, electrical connector and terminal service

Level 1 Semi Skilled:

- Explains basic areas of automotive technology
- Concentrates on the "transfer of knowledge" to the technician as it relates to fundamental skill enhancements

CREDENTIAL EARNED

Mopar CAP Local Certification

CLASSES OFFERED

Online Classes Only

LENGTH OF PROGRAM

The three curriculum groups consist of approximately 60 training modules combined. The Student can take up to three semesters to complete the training. Must be enrolled in Dunwoody's Automotive Service program & complete the training by graduation.
