DUNWOODY
COLLEGE OF TECHNOLOGY

Student Achievement Data

Dunwoody College of Technology, Interior Design, Bachelor of Science in Interior Design

It typically takes a full-time student taking approximately 15 credits per semester four years to complete the degree program.

The following data was collected using institutional records and an alumni survey of graduating students that was administered during their final year of 2026. 8 out of 8 students responded to the survey.

Student Attrition and Retention

71.4% of students admitted in the fall of 2024 returned in the fall of 2025, putting attrition at 28.6%.

Graduation Rates:

Of the students graduating in 2026, 88% graduated in 4 years.*

**The program's internal graduation rate is measured from the start of a student's first technical semester. Students who begin in the fall can complete the program in four years. Those who start in the spring with only Core Curriculum courses are also included in this calculation, and their graduation timeline is rounded down, classifying them as four-year graduates.*

Acceptance into Graduate Programs:

0 out of 8 students who graduated in 2026 applied for graduate school.

Job Placement Rates:

75% of students who graduated in 2026 are employed in interior design or a related profession.
